

**RAAL**<sup>®</sup>  
complete cooling solutions

COOLING  
SYSTEMS

COOLING SYSTEMS

FEATURES

- High cooling performance
- Compact construction
- Modular solution using various design types and

EQUIPMENT and APPLICATIONS

Agricultural and forestry equipment  
 Commercial Vehicles  
 Railway equipment  
 Compressors  
 Hydraulic equipment

Construction and mining equipment  
 Automotive  
 Military equipment  
 Air dryers and Chillers

COOLING SYSTEMS

RAAL manufactures **COMPLETE COOLING SYSTEMS**, composed of brazed aluminum heat exchangers:

- RADIATORS (HT, LT)
- OIL COOLERS (engine, hydraulic, transmission, etc.)
- CHARGE AIR COOLERS
- COMPRESSED AIR COOLERS

CONSTRUCTIVE SOLUTIONS

- Plate&Bar
- Tube&Fin
